## Seek Testimony Of Man Accused As Spy Ring Head

Congressional Investigators Seek To Question Former Commerce Dept. Employee

### PROBES STARTLED BY REVELATIONS (BULLETIN)

WASHINGTON, Aug. 4.—(INS)—Nathan Silvermaster today denied complicity in a communist spy ring but refused to say whether he is or has been a member of the Communist party.

Silvermaster vehemently attacked the testimony of his accuser, Elizabeth Bentley, and the procedure being followed by the house un-American activities committee before which he testified.

By RAYMOND WILCOVE  
(U. S. Staff Correspondent)

WASHINGTON, Aug. 4.—The man accused of heading a Communist spy ring in the U. S. government during the war will be questioned today by congressional investigators.

He is Nathan Gregory Silvermaster, former commerce department employee, the first of the alleged Communist agents named by Miss Elizabeth Bentley to be summoned to Capitol Hill.

Silvermaster will appear before the House Un-American activities committee.

Miss Bentley, self-styled "spy queen" and ex-Communist, identified Silvermaster as a "probable" agent of the Russian NKVD who headed a wartime spy ring among government employees.

May Not Answer

Committee members are in the dark, however, on whether Silvermaster will testify. He refused to answer questions when called before the House group May 25 in executive sessions. According to Robert Stripling, committee investigator, Silvermaster declined to reply to pertinent queries on the ground that it might incriminate him.

The committee previously has cited for contempt numerous witnesses who refused to say whether they were members of the Communist party whether it would pursue the same tactics with Silvermaster.

## Pa Newc Observes

Reports was made to Pa Newc that a dog was seen cavorting around in the fields in the vicinity of the bridge over the Little Ne-shannock on the road to Fayette on Tuesday.

Fire alarm boxes around the city have received a new coating of flaming red paint lately, it is noted.

New playground signs erected about the city lead to point out to motorists the nearness of the play areas. A new one was placed recently on Ray street for the benefit and safety of boys and girls playing at the Oak street playground.

While most of the World War II memorial boards about the city are in a good condition with the surrounding terrain mowed—making a nice appearance—a few of the memorials have been neglected.

A slight common in the early thirties during depression days were houses boarded up and perhaps marked "insanitary," but with the coming of the war years and prosperity, all available housing was used up. Pa Newc discovered a dwelling on the East Side closed by the health department due to uncleanness in the house. With the scarcity of homes it is strange.

### LEGISLATION IS BEING DISCUSSED

Legislative matters to be presented to the Pennsylvania legislature at its next session were discussed this morning by delegates to the annual convention of the Pennsylvania Fire Fighters Association, which opened its sessions here Tuesday in the Legion Home.

After a discussion of business matters in the morning, the delegates heard several interesting talks Tuesday afternoon. Mayor John F. Haven welcomed the delegates and turned over the keys of the city to them.

Tour Pottery Today

Assemblyman James C. Brice spoke on legislative matters, as did Andrew Gleason of Johnstown, counsel for the Pennsylvania Manufacturers association, who also discussed other matters of importance to the fire fighters.

This afternoon, the visitors will be taken on a tour of the Shenango Pottery, where some of the world's finest chinaware will be made.

## Budenz To Testify In Honolulu Case

HONOLULU, Aug. 4.—(INS)—Louis Budenz, former Communist editor, is in Honolulu today to testify in the case of two school teachers dismissed for alleged Communist connections.

Budenz made a fast flying trip to Hawaii after testifying Monday in Washington, D. C.

Budenz, now a professor at New York's Fordham University, said he had come at the invitation and expense of the office of the attorney general for the territory of Hawaii.

He said he will testify as an expert witness on Communist infiltration conspiracies, but will not specifically point out any Communists in the Hawaiian Islands.

## Communist Unrest Spreads To Burma

LONDON, Aug. 4.—(INS)—Communist unrest in the Far East spread to Burma today, despite the Burmese government's announced policy of bringing state socialism to the new republic.

The Burmese government, nominally a coalition of Socialists and Communists in the "anti-Fascist league," sent a frigate and two gunboats to deal with a "difficult situation" caused by insurgents at the port of Bassein, ninety miles west of Rangoon.

The outbreak caused some surprise, since it was thought that Communists would wait for the fall elections before acting to seize power.

## White House-Congress Battle Over Loyalty Records Developing

### BULLETIN

WASHINGTON, Aug. 4.—(INS)—The White House said today that President Truman has "under consideration" the request by Sen. Ferguson (R) Mich. for government employment records of William Remington.

Ferguson demanded the records after Elizabeth Bentley testified before his senate investigating committee that Remington, a former commerce department official, gave secret information to a wartime Soviet spy ring.

By FRANK B. ALLEN  
(U. S. Staff Correspondent)

WASHINGTON, Aug. 4.—A new fight between Congress and the White House over records on federal employees shaped up today in the Senate investigation of the "Remington case."

Sen. Ferguson (R) Mich., chairman of a Senate investigating committee, said the group "could issue a subpoena" to get records it asked for last Friday on William Remington, Commerce department official accused of giving information to a Communist agent.

No Answer From Truman

President Truman, who several months ago ordered government heads not to release loyalty information, has not yet answered the request.

## Marshall Parries Parley Inquiries

Secretary Of State Says Speculation On Moscow Negotiations May Be Harmful

By JOHN A. REICHMANN  
(U. S. Staff Correspondent)

WASHINGTON, Aug. 4.—Secretary of State Marshall warned today that speculation on negotiations to settle the Berlin crisis with Russia might be very harmful.

Marshall made his comment at his weekly news conference at which he parried all questions dealing with the delicate negotiations between envoys of the three western powers and Soviet Premier Stalin.

He replied that he had no comment, a response he made later when asked if Smith planned any further meeting with Stalin.

## Lt. Gen. Eichelberger Departs From Japan

YOKOHAMA, Aug. 4.—(INS)—Lt. Gen. Robert L. Eichelberger, commander of the famed U. S. eighth army, left Japan by steamer today to return to the United States and retirement.

Ending three years as chief of the American occupation forces in Japan the general sailed from Yokohama after a farewell ceremony at the docks.

A large crowd of dignitaries, including Mrs. Douglas MacArthur, bade him farewell. Also present were hundreds of Japanese.

DENVER, Aug. 4.—(INS)—Federal security agencies in Denver refused today to reveal details of the arrest of Hungarian-born Michael Benedict, 36.

## Governor Dewey Would Make Operation Changes In State Department

By LEO W. O'BRIEN  
(U. S. Staff Correspondent)

PAWLING, N. Y., Aug. 4.—Gov. Thomas E. Dewey will call for revolutionary changes in the operation of the U. S. State department if he is elected president next November.

Says U. S. Out-Maneuvered

The GOP White House nominee, it was learned today on highest authority, believes that the State department has been permitted to lag behind the British and Russian foreign offices. He claims U. S. is out-maneuvered nearly every time the nation becomes involved diplomatically with those nations.

Dewey has discussed the situation at length with John Foster Dulles, his chief advisor on foreign affairs, who may be named secretary of state in a Republican cabinet.

Dulles is said to agree thoroughly with Dewey's belief that

## Russian Blockade Of Berlin Backfiring

By OMER ANDERSON  
(U. S. Staff Correspondent)

BERLIN, Aug. 4.—The Russian blockade of Berlin appeared to be backfiring today with serious effects on the Soviet zone's economy.

The Russian zone was afflicted with power failures, railroad train wrecks, factory shutdowns and strikes—all attributed to western retaliation in the Soviet blockade.

A breakdown of the important Russian zone power plant at Kohnenbergs resulted in the cancellation of express train service over a large area, and the shutdown of a number of important factories.

The breakdown was ascribed to the fact that the Siemens plant in the British sector, which normally overhauls equipment of the Kohnenbergs plant, has not been accepting this work since the blockade.

Causes Train Wreck

Indirectly, the power failure caused the collision of two express trains at the Anhalter station in Berlin, today, injuring six persons.

At the same time, the American-licensed newspaper Tagesspiegel reported that 207 Russian zone firms have closed down, and another 371 have cut their working hours because of the shortage of raw materials usually obtained from the western zones.

The British-licensed Telegraph said that workers of a Soviet-run plant at Henningsdorf, near Berlin, (Continued on Page Two)

## Contract Let By State For Road Tunnels

Twin Tunnels To Be Constructed On Penn-Lincoln Highway

HARRISBURG, Aug. 4.—(INS)—A \$13,787,843 contract was awarded today by the State Highways Department for construction of twin tunnels beneath Squirrel Hill on the Penn-Lincoln highway.

The contract was given to B. Perini & Sons, of Framingham, Mass., recommended to the U. S. public roads administration as the lowest responsible bidder July 23.

Perini was given two years to complete the contract which covers all tunnel work, including brick road surface, a ventilating building and approaches.

The department was forced to re-advertise the contract last spring when bids received in March exceeded the sum allocated for the project. The lowest bid then was \$17,824,147.

Plans were re-drafted by the department to eliminate certain construction items and thus reduce the overall cost.

The parkway will channel traffic from Williamsburg into downtown Pittsburgh.

## Stalin Conference Reports Are Being Closely Studied

Reports Of Envoys Who Met Stalin Kept Tightly Guarded Secrets

### MARSHALL TALKS TO U. S. TOP EXPERTS

By JOHN A. REICHMANN  
(U. S. Staff Correspondent)

WASHINGTON, Aug. 4.—A new development destined to move the current problem of Berlin considerably nearer a settlement was freely predicted today in diplomatic quarters.

Top officials in Washington, London and Paris are studying intensively the reports of their respective envoys who conferred for more than two hours Monday night with Soviet Premier Stalin.

At the State Department, Secretary Marshall swept his calling list clear to discuss the problem with his top experts. It is hoped that he might give his news conference today some slight intimation of the content of the report given him by Ambassador to Moscow Walter Bedell Smith.

Truman To Confer

President Truman, too, reportedly possesses a copy of Smith's dispatch filed after the Stalin meeting. The president will confer with Marshall tomorrow on the problem at the White House.

The attitude of most officials is hopeful after the Moscow meeting. However, their optimism is based primarily on the fact that Stalin and his diplomatic colleagues had appeared jovial after talking to Smith.

Smith's actual report is being kept as closely guarded a secret as any in recent months in Washington. Moreover, in contrast to the period before the three envoys saw Stalin, London and Paris maintained an equal caution. Previously there had been siveillance leaks.

## Mystery Death Of Hollywood Woman Is Being Probed

Believe Film Beauty Had Been Dead Week When Body Was Discovered

HOLLYWOOD, Aug. 4.—(INS)—Police today continued their investigation into the mystery death of pretty Lavinne Silvers, 35-year-old ex-wife of a prominent film music chief.

The woman's nude body was found in the bathroom of her fashionable mansion in Hollywood's exclusive Wilshire district.

Police who broke down the front door of the home reported the radio was playing and lights were on.

It was estimated Mrs. Silvers had been dead for a week.

Cause of death was not officially determined. Authorities said a box of sleeping pills was found beside the bathtub and that some of the tablets were missing.

Friends said the film town beauty had been taking sleeping tablets for treatment of a nervous disorder.

Mrs. Silvers, former wife of veteran film studio musical director Lou Silvers, lived alone in the mansion since their divorce last March.

Silvers won the divorce in a cross-complaint.

Get the basket packed with the victuals, get the salad made and the pie, and the lemonade is ready to go just in case the folks get dry. Get the beans all peeled and the winners, and some chicken for those grateful "dads", and down at the grounds where the picnic will be I know there's plenty of beans. Get the salt and the pepper and mustard, get the ketchup and we're all set by now, we'll probably have some victuals behind. It's seventy-eight today.

## No Answer Made By Silvermaster

Refuses At Hearing To Say  
Whether He Is Or Has  
Been Communist

### ADmits Effort To HAVE HIM REMOVED

WASHINGTON, Aug. 4.—(INS)—Nathan Silvermaster refused today to say whether he is or has been a Communist but admitted naval intelligence once sought his removal from the government, although he was a Communist and would not be trusted.

Silvermaster violently attacked an alleged testimony of Elizabeth Bentley, who called him the leader of a Soviet spy ring operating in the United States government and said she believed him to be an agent of the Russian secret police.

Miss Bentley took the witness stand before the House Un-American Activities Committee to repeat her charges against Silvermaster after he refused to say whether he knew the woman.

She said Silvermaster once gave refuge to Earl Browder, one-time Communist party head in the U. S. Silvermaster asserted that an admission that he knew Miss Bentley, like an admission that he is or has been a Communist, might incriminate him.

He told the committee that he asked Lauchlin Currie to use his influence to obtain an "unbiased investigation" of the charges made against him by naval intelligence.

Currie, wartime White House assistant to the late President Roosevelt, has been named by Miss Bentley as a "contact" for the spy ring she said she served as courier.

Currie has denied the Bentley woman's charges. Silvermaster said the office of naval intelligence demanded his removal from the board of eco-

home warfare. He said the ONI charges that he was a Communist and could not be trusted were "false".

The witness testified that he asked Currie and C. B. Baldwin, then head of the Farm Security Administration, to help him obtain an unbiased investigation. Baldwin now is one of Henry Wallace's Progressive party campaign managers.

a community sing in the grove followed by a talented show of Pittsburgh actors. Five acts will comprise the show. In the meantime there will be a hunt for Miss Johnson Bronze. The first one to identify the young lady will win a prize. At ten o'clock there will be a fireworks display at the lake side.

From the program as announcing the hours will each have about 75 minutes between two and ten o'clock. Entertainment for all ages will be provided and good weather permitting this should be the most successful picnic of the employees in years.

Committee in Charge  
The committee handling the picnic follows:  
Committee—Ernest D. Hawk, general chairman; Joseph Dougherty, entertainment; Peter Costello, rides; Paul Cuba, refreshments.

Sports contest—Jack Diamond and Russell Hedland, co-chairmen; R. Vir Bank, E. Caletto, C. Hunter, F. Grode, G. Marsh, G. Jewell, L. Stitt, P. Price, Belmont Kray, chairman; Frances Aiello, Paul Dougherty, Cecil Maletta, Larry Desjardins.

(Continued from Page One)

master if he remained silent also was a moot question. The committee appeared split.

Rep. Mundt (R) S. D., acting committee chairman, declared that Silvermaster could stand upon his constitutional rights and remain silent, but Rep. McDowell (R) Pa., dissented from this viewpoint.

May Ask Grand Jury  
Mundt stated that the committee might vote today to request Attorney General Clark to convene the grand jury in Washington to investigate the testimony of Miss Bentley and Whittaker Chambers that the federal government was honeycombed with spies during the war.

Chambers, self-admitted Communist party member who renounced Marxism in 1937, told started committee members that the Communists had an "elite group" in the government, consisting of such men as:

Former Assistant Secretary of the Treasury Harry White; Alger Hiss, key state department employee and now president of the Carnegie Foundation for Peace; Donald Hiss, a brother and former labor department employee; Victor Perlo, former war production board employee; John Abt, formerly civil liberties committee, and now with the progressive party of Henry A. Wallace; and Lee Press-man, former general counsel of the WPA, former counsel of the CIO and now a Wallace supporter.

Belonged To Underground  
Chambers, now is a magazine editor, said he belonged to the Communist "underground" before he left the party. He testified that in 1939 he told Adolph A. Berle, then assistant secretary of state, about Communists in the government but that "nothing was ever done" about it.

Mundt, after hearing Chambers, commented that his testimony "indicated that there was a high class espionage network in operation." Mundt added that what is needed now is a more effective law to prosecute what he called "peace-time treason."

Alger Hiss, advised in New York of Chambers' testimony, denied his charges and said he did not know him and to the best of his knowledge had never met him.

Donald Hiss issued a statement in Washington where he is at attorney. He denied membership in the Communist party or any affiliated or "front" organizations and said he never has been in sympathy with the party's principles. He too didn't recall ever having met Chambers.

Berle, who was reached in New York, refused to comment until he had an opportunity to look at the "official record" of the hearing.

## Deaths Of The Day

Mrs. Benjamin McFarland  
Mrs. Rosalie McFarland, aged 54 years, wife of Benjamin McFarland, New Castle, R. D. 4, died this morning at 5:30 o'clock in the James Memorial hospital after a three weeks' illness.

Born in Edgewood, Indiana county, Pa., July 2, 1894, she was a daughter of the late George and Mary Elizabeth Bush Parsons. She was a member of the Alliance Gospel Tabernacle and the Mabel Ryan Bible class of that church.

Survivors in addition to her husband include five daughters, Mrs. Thekla Cornman, Pulaski; Mrs. Mildred Hiler, New Castle; Mrs. Allene McCready, Enon Valley; Charlotte and Rosalie Joan McFarland, both at home, and two sons, Rev. Floyd McFarland, Barnesboro, Pa., and John Benny McFarland, at home, and 12 grandchildren.

She also leaves one sister, Mrs. Etta Dicka, New Castle, R. D. 4, and two brothers, Elmer and Oscar Parsons, both of Youngstown, O.

Funeral services will be conducted Friday afternoon at 2 o'clock D.S.T. from the Cunningham funeral home, East Washington at Chestnut, with Rev. J. H. Boon officiating. Interment will take place in Harlansburg Baptist cemetery.

Friends will be received at the funeral home this evening from 7 to 9 o'clock and Thursday from 3 to 5 and 7 to 9 o'clock.

Cirio Joseph Carbone  
Cirio Joseph Carbone, aged 57 years, of 427 Uber street died Tuesday evening at 7:10 o'clock at his home following a lingering illness.

Mr. Carbone was born June 11, 1891, in St. Vito Italy, son of Vito and Giovanni Carbone. He had been in this country for 40 years.

For 15 years he worked at the Carnegie-Illinois company, but for the past 25 years was employed at the Universal Sanitary company, until the time of his illness.

The deceased was a member of St. Vitus church, Sons of Italy and King Humbert society.

His wife, Mrs. Mary Carbone, to whom he had been married for 35 years, survives, and a son, Nick Carbone, and two grandchildren. He leaves two brothers, Joseph and Florindo of Italy, and a sister, Giacomina of Italy.

The body will be removed from the DeCarbo funeral home to the residence late this afternoon, where friends may call.

Requiem mass will be offered in St. Vitus church, Friday morning at 8:30 o'clock. Burial will be in St. Vitus cemetery.

Ira Hugh McKee  
Ira Hugh McKee, aged 77 years, died Tuesday evening at 8 o'clock at his residence, Grove City, R. D. 2, after a year's illness.

Born in Wolf Creek township, Mercer county, November 7, 1870, he was a son of the late Joseph and Ellen Cleland McKee. If Mr. McKee had lived until August 24, he and Mrs. McKee would have observed their golden wedding anniversary.

Since he was 12 years of age, Mr. McKee, a farmer by occupation, had resided on the farm in Liberty township, where he died.

The deceased was a member of Grove City U. P. church and Men's Bible class of that church. He was charter member of Slippery Rock grange.

Survivors include his widow, Mrs. Alverda Demitron McKee; two daughters, Mrs. Helen Hallett, Grove City, R. D. 2, and Mrs. Lucille Palmer, Neosho, Mo.; one brother, Samuel A. McKee, New Castle; a sister, Miss Minnie McKee, Grove City, and one grandchild.

Funeral services will be conducted Friday afternoon at 2 o'clock from the Cunningham funeral home, Grove City, with his pastor, Dr. Homer B. Henderson, officiating. Interment will take place in Crestview Memorial Park, Grove City.

Friends will be received at the funeral home this evening from 7 to 9 o'clock and Thursday from 2 to 4 and 7 to 9 o'clock.

Joseph Smith  
Joseph Smith, aged 67 years, of 11 Elmwood street, died Tuesday afternoon at 5:30 o'clock at his home, following a sudden heart attack.

Mr. Smith was born in Poland in 1881, and lived in New Castle for 42 years. He was a retired Carnegie Illinois Steel corporation employee, 1930.

Surviving are four sons: Walter, Frank, Stanley and William Smith of this city, and two daughters: Mrs. Joseph Mehalic and Mrs. Samuel Cole of this city.

He leaves two sisters: Mrs. Frank Mrozek and Mrs. Frank Kwolek; and a brother, John Smith, all of this city; and six grandchildren.

Funeral services will be Friday morning at 10 o'clock in the Noga funeral home, Rev. Fr. Edward Pikulik in charge. Friends may call at the funeral home this afternoon and evening and Thursday afternoon and evening.

The family will meet friends 2 to 4 and 7 to 9 o'clock, both Wednesday and Thursday. Burial will be in the Madonna cemetery.

Joseph DeFalco  
Joseph DeFalco, aged 79 years, of 523 Friendship street, passed away Tuesday evening at 10:30 o'clock in the New Castle hospital, after a short illness.

Mr. DeFalco was born April 1, 1869 in Pariana, Italy, son of Antonio and Rosa DeFalco. For 60 years he resided here. The deceased worked at the Carnegie Illinois company for 12 years, and from 1918 until 1936 was proprietor of a South Mill street grocery store.

The deceased was a member of the Italian Methodist church and the Rinascenta lodge.

His wife, Mrs. Alvera DeFalco, to whom he had been married 62 years, survives; a brother, Vincent, of Turtle Creek; and 10 nephews and nieces.

The body is at the DeCarbo fu-

neral home, East Lottin at Cunningham, where friends may call anytime after 7 o'clock this evening. Funeral services will be conducted in the funeral home, Friday afternoon, at 1:30 o'clock. Burial will be in Oak Park cemetery.

Frye Funeral  
Funeral services for the late Ely Price Frye, aged 76, of 1316 West Washington street, were conducted Tuesday afternoon from the John R. Hodge Funeral Home, East Wallace avenue, with Rev. R. B. Withers officiating.

During the service, favorite selections of the deceased were sung by Mrs. W. F. Felch, with Edwin Lewis as accompanist.

Pallbearers were: George Shuler, Jr., Willis Foster, Lee, Richard and Merle Frye and Clarence McWhirter.

Interment took place in Oak Park cemetery.

Mr. Free Funeral  
Funeral services for Earl A. Free were conducted Tuesday afternoon at 2 o'clock at the Leyde mortuary, Rev. Oliver W. Hurst in charge.

Pallbearers were members of the Men's Bible class of the First Baptist church: Judge R. Lawrence Hildebrand, Robert Strickler, William Harris, Edward McKibben, D. R. Smith and Daniel Peterson. Burial was in Oak Park cemetery.

Oczkowski Funeral Home  
Funeral services for Joseph Oczkowski of R. D. 1, Wampum, will take place from the late residence Thursday afternoon at 2:30 o'clock. Interment will be in Clinton cemetery.

Friends are being received at any time at the residence.

Mrs. Williams Funeral Time  
Funeral services for Mrs. Florence Williams, will be conducted Thursday afternoon at 2 o'clock from the residence, 1405 Highland avenue, Rev. Ralph Hovencamp in charge.

Friends may call at the residence at any time.

Private burial will be in Oak Park cemetery.

Michael DeVivo  
Michael DeVivo, of 308 Montgomery avenue, died at noon today, in the New Castle hospital, following an illness.

The body was taken to the DeCarbo funeral home, and the obituary and funeral arrangements will be announced tomorrow.

Russian's Turn  
His attitude is that now it is Russian's turn to achieve domination. A study of the draft proposal presented by the Soviets has led the Western delegates to the conclusion that it is full of tricks designed to assure Soviet domination of Danubian shipping.

A reference by Vishinsky to the Danubian Little States which he called "potatoes" also left no doubt as to who is now boss along the stretches of the Danube.

As part of his job in cracking the whip, Vishinsky already has requested the Yugoslav and Czech delegation heads for getting off the Soviet beam.

## ELDER BRIDAL PARTY TO BE ENTERTAINED

Miss Diana Elizabeth Elder, her fiancé, Lt. Philip Tinsley Hutcheson Jr., their bridal party and the Elder, Whaley and Hutcheson families will be entertained this evening by the bride-elect's aunt and uncle, Mr. and Mrs. Robert J. Whaley, at a dinner at a New Wilmington dining room.

Following the dinner rehearsal for tomorrow's wedding will be held at the First Christian church. Included in the bridal party are Miss Susan Voochies Elder, who will be her sister's maid of honor, Ralph K. Hutcheson, of Cookeville, Tenn., who will be his brother's best man, and Thomas Hutcheson, brother of the prospective groom, and Richard Eakin, of this city, will be ushers.

Miss Elder, daughter of Mrs. Charles Voochies Elder, of 481 Chestnut street, will become the bride of Lt. Philip Tinsley Hutcheson Jr. of Cookeville, Tenn., at an open church wedding to be solemnized at 3:30 tomorrow, Thursday afternoon, August 5, in the First Christian church, with Dr. Gershon S. Bennett officiating.

## FAMILY PICNIC FETES

### MRS. M. ARMSTRONG

Family and friends of Mrs. Mary Armstrong gathered at Cascade Park on Friday evening to honor her on her 82nd birthday.

Guests, numbering 43, included children, grandchildren, and great-grandchildren. A delicious picnic supper was served to the group. As a decoration and center piece was a three-tiered birthday cake on the picnic table.

Guest from the greatest distance was a grandson, Ted Brown, who was present with his wife and baby daughter, from Solomon, Md.

## RAINBOW GIRLS OFF TO CONVENTION

Accompanied by four members of the Advisory Board, a large delegation from New Castle Assembly No. One, Order of the Rainbow for Girls, left this morning for Philadelphia in a chartered bus to attend the annual grand convention of the order. They were joined later by members of the Ellwood City, Beaver Falls and Butler assemblies.

Included in the group, whose name was omitted in a previous article, was Miss Elvye Wyant, who will serve during the convention as grand page. They will return on Sunday evening.

## JAMESON CLASS '37 ENJOYS REUNION

Members of the Class of 1937 of the Jameson Memorial Hospital School of Nursing enjoyed their yearly gathering July 31 at the home of Mrs. Elmer Book, Rose St., Ellwood road. Families were guests at the buffet dinner which was served at tables set in the grove near the home. All members of the class except three attended the event.

In the evening several reels, of moving pictures were shown outdoors by Dr. Fred Marino, of Rochester.

Mrs. Harold Workman, Mrs. Jack Craig and Mrs. Book composed the committee of arrangements.

## DANIELS-ENSEL ENGAGEMENT TOLD

Mr. and Mrs. D. J. Daniels, of 411 Waldo street, announce the engagement of their daughter, Doris Jean, to Jack Ray Ensel, son of Mrs. Earl Ensel, of Lombard, Ill., formerly of New Castle. No plans have been announced for the wedding.

## MARGARET VALLEY FETED AT SHOWER

Miss Marie Hanson and Mrs. James Flynn were co-hostesses at a party, given in the latter's home, on a recent evening in honor of Miss Margaret Valley, bride elect of this month.

The early hours were spent in an informal manner. The guests of honor was presented with a shower, of gifts of a miscellaneous nature, after which a tasty lunch was served at a table in the center of which was a miniature merry-go-round, made up of colorful candies and cookies. Places were marked by small rings to which were attached ribbon streamers and cards revealing the new bride's name.

Miss Valley, daughter of Mr. and Mrs. A. W. Valley, of 407 W. Washington street, will become the bride of John E. Phillipson, son of Mrs. Josephine E. Phillipson, of Steubenville, Ohio, on Saturday, August 21, at an open church wedding in St. Mary's church, at 10 o'clock a. m.

## HARLANBURG CLUB HAS GARDEN TOUR

Harlanburg Garden club enjoyed the hospitality of Mrs. Norman Patton, Harlanburg road, Tuesday evening, when the group was taken on a tour of her flower garden. Mrs. Patton, who is not a member of the club, entertained as a courtesy to the group. Miss Rosalyn Ward and Mrs. Sarah Comstock were special guests.

Following a delightful stroll through the garden, which is featured by lily pools, the guests were shown a large number of African violets inside the home, where refreshments were served.

The club will have a picnic luncheon at Rock Springs park Wednesday, August 18, at noon.

## Union Label League

Members of the Women's Union Label league and their families will meet in shelter 4 at Cascade park for their annual picnic on Thursday, Aug. 5. A basket picnic will be enjoyed at 6 o'clock, following which games and contests have been arranged.

On Sunday evening, Aug. 8, three delegates from the local organization will leave for Bloomington, Ill., for the bi-annual convention of the Women's International Label league. Those representing the New Castle league are Mrs. Eleanor Skundor, Mrs. Bertha Kienast and Mrs. Katherine Brogan.

## MCCANN-NELSON EVENING WEDDING

At a lovely and impressive ceremony performed Monday evening, August 2, at 7:30 p. m. in the First Baptist church, Miss Betty Lou McCann, daughter of the late Mr. and Mrs. J. W. McCann of Albert street became the bride of Ronald Nelson, son of Mr. and Mrs. Roy Nelson, of 208 South Walnut street. Rev. Oliver W. Hurst officiated at the double ring ceremony.

The bride, given in marriage by her brother, Thomas J. McCann, wore a white linen suit with navy blue accessories and an orchid corsage. As matron of honor, Mrs. Bertie Nelson, sister-in-law of the groom, wore an aqua suit with brown accessories and a corsage of gardenias and tallianum roses.

Robert Nelson, brother of the groom, served as best man and ushers were Jack Adams, Bill Kaster and brother of the bride, Dan McCann.

Miss Betty Jane Nelson, sister of the groom, sang "Always," "Because" and "The Lord's Prayer," accompanied at the organ by Miss Marjorie Van.

Immediately following the ceremony there was a reception in the church parlors for 150 guests. Serving were Mrs. John Elliott, Mrs. George Black, Mrs. McKelvey, Mrs. Arthur Gallagher, Mrs. Earl White, Mrs. Carl Black and Mrs. Oliver West.

The newlyweds left on a trip by car to an undisclosed destination and upon their return will reside for the present at the home of the groom's sister, at R. D. 2, Oakwood avenue.

Mrs. Nelson is a graduate of the New Castle Senior High school, Class of '44 and is employed in the personnel office of the Shenango Pottery.

Mr. Nelson, also a graduate of the New Castle Senior High school, class of '45, is employed at the Chambers Motor Co.

## KING'S CHAPEL WOMEN HAVE PIONIC DINNER

Members of the Women's Society of the King's Chapel church met Thursday at the home of Margery Cox at Walmo.

The morning was spent in quilting, and at noon a picnic dinner was served by the hostess, Mrs. Caleb Green, and Margery Cox.

After dinner, devotionals were led by Belle Glenn and Rev. Merle Weaver. A life membership pin in the Society of Christian Service was presented to Mrs. A. T. Eckles by Rev. Weaver, in appreciation of her many years of service in the W.S.C.S.

Special guests were Mrs. Clair Arble and Rev. and Mrs. Weaver.

## HONOR BRIDE-ELECT AT SHOWER PARTY

At the home of Miss Mary Wilkins, of 515 Easy Moody avenue, with Miss Mary Pearce as co-hostess, a group of friends gathered recently for a miscellaneous shower party, honoring bride-elect, Miss Dorothy Hartshorne.

Saturday, August 28, is the date revealed for the forthcoming marriage of Miss Hartshorne, daughter of Mr. and Mrs. A. E. Hartshorne, 523 East Moody avenue, and William Roberts, son of William Roberts of Enon Valley, formerly of this city.

Games featured the evening's diversion, with prizes falling to Misses Alice Wether, Mary Mitter, and Gloria Lucas.

At an appointed hour, a delicious lunch was served by Mrs. Albert Wilkins, assisted by Mrs. A. E. Hartshorne. The table was nicely decorated in pink and white, and centered with a large cake with inscription, "Dorothy and Bill," August 28.

The honored guest received many beautiful gifts.

## ZMUDA-PALANO WEDDING QUIET

A quiet but lovely summer wedding performed in St. Phillips and James' church on July 31, united in marriage, Miss Josephine Zmuda, daughter of Mr. and Mrs. Izidor Zmuda, 1922 Prospect street, and James J. Palano, son of Mr. and Mrs. Rocco Palano, 1406 Hamilton street.

Before an embanked altar of ferns and flowers, the young couple exchanged vows at 2:30 o'clock. Rev. Fr. V. V. Stanciewski officiated at the double ring ceremony. Friends and relatives attended.

Given in marriage by her father, the bride was lovely in a white brocaded taffeta gown made with a sweetheart neckline and fitted bodice trimmed with rhinestones, and full gathered skirt made of tulle. Her long veil, edged with lace fell from a beaded tiara crown, and she carried a bouquet of Madonna lilies centered with an orchid and streamers. A gift from the bridegroom was a rhinestone necklace and earrings, which she wore as her only jewelry.

Miss Clara Zylewitz, as maid of honor, wore a yellow taffeta gown with fitted bodice and bustle, and a matching picture hat. She carried Johanna Hill roses.

Miss Jane Zmuda and Irene Zmuda, sisters of the bride and Miss Clara Owce, cousin, were bridesmaids, and wore orchid gowns, matching picture hats and carried yellow tearos.

Anthony Miscimarra served as best man, Walter Shumansky, Donald Mayberry and Guido Jannetti served as ushers.

A wedding breakfast was held for the immediate families at the home of the bride. The wedding dinner in the Ecclesian club at 6:30 o'clock, and later a reception was held.

Mr. and Mrs. Palano departed on a wedding trip to Washington, D. C. and Philadelphia, and upon their return will reside in their newly furnished apartment, 1406 Hamilton street.

Mrs. Palano, a graduate of the Shenango High school, is an office clerk at the Johnson Bronze company. Mr. Palano is also an employee at the Johnson Bronze company.

## LUTHER LEAGUE ENJOYS PIONIC

Members of the newly organized Luther League of St. Paul's Lutheran church and their families enjoyed a picnic at Cascade park Tuesday night. A basket picnic was served at 6:30 with a large attendance.

The next meeting will be on September 20 in the church parlors, at which time there will be a "white elephant" sale.

## J.O.Y. CLASS TO ASSEMBLE FRIDAY

Members of the J. O. Y. class of First Baptist church will gather in the home of their teacher, Mrs. Charles T. Metzler, 404 Park avenue, for a tureen dinner Friday evening, August 6, at 6:30 o'clock.

Mrs. Paul Smith, Mrs. E. L. Doud and Mrs. Paul Sanders compose the committee of arrangement.

## A PUSTULE

A little blister on the skin with  
yellow pus in it is called a pustule.  
It is like a small boil.Usually it follows a jag or punc-  
ture or perhaps a small cut. Germs  
get under the skin through the  
small hole and cause trouble.Sometimes the germs from a  
pustule on Mom's finger cause  
trouble for other people.Mom has a sore finger. She  
mixes up some sandwich filler. The  
germs from her finger get into the  
food.The sandwiches stand in a basket  
for several hours. Then they go to  
the church social. The germs have  
had a good chance to multiply.In a few hours those who have  
eaten the sandwiches get sick. They  
do not know what made them sick  
but they feel tough just the same.Food handlers need to be careful  
about their hands.Miss Sowash Back

from Bogota, Colombia, where she  
was the guest of her brother and  
sister-in-law, Mr. and Mrs. Geof-  
frey Sowash, since last November.Miss Sowash, a commercial  
teacher at New Castle High school,  
was in Bogota at the time of the  
recent revolution. She reports  
that it was rather quiet when she  
left but that martial law prevailed  
and there is danger of another  
outbreak.Miss Sowash reports that her  
brother and wife and two chil-  
dren, Kathleen, 8, and Geoffrey,  
Gordon Jr., 2, will arrive here  
late in August. Mr. Sowash, who  
is in charge of labor relations for

celebrating the child's successes.  
With such good early successes,  
they have favorable backgroundfor cultivating tidiness in this

Then, before the mother knows it

**Psychiatrist Says  
Film Capital Is  
Full Of Neurotics**

Austrian Says Most Film Stars  
Hate Hollywood But Cling  
To Fame And Fortune

VIENNA—(INS)—A famous Austrian psychiatrist who returned from Hollywood, told a Viennese audience recently that the film capital is full of neurotic people. The psychiatrist, Professor Frederick Hacker, one of Sigmund Freud's most distinguished disciples, came back to his native Austria after ten years of practice in Beverly Hills.

Professor Hacker claimed that many of the screen stars he treated actually hated Hollywood. He said they continued to sign new contracts with the big motion picture companies only because they were too strongly attracted by money and the prospect of world fame.

According to Dr. Hacker, the split between their artistic leanings on the one side and their material desires on the other often produced a deep emotional tension, so that more and more of them looked for help from a psychiatrist.

Professor Hacker said: "Everything in Hollywood is exaggerated. Scandals are blown up out of all proportion although in reality there usually is not much behind them."

"Appearances are all that count. They are expected to mask the deep insecurity felt by many people in a town where one girl among ten thousands can become a star by accident, while thousands of others, who are perhaps just as gifted, are happy if they get small parts as extras."

"These accidents make people lose faith in their own ability and make them afraid of the next, less fortunate accident, which can terminate their career as quickly as it had started."

Professor Hacker said that people in this state of mind take refuge either in outward things, such as snobbish behavior, loud dresses and extravagant parties, or in an affected piety which leads them to join one of the innumerable pseudo-religious sects in California.

Professor Hacker pointed out that there are exclusive clubs in Los Angeles which refuse to admit any film people, not even those who earn millions and are world-famous.

He said that although this can be regarded as a kind of snobism, it is the reaction of normal society against the lack of balance and maturity which can be found in many members of the film colony.

**Wherever you go, they're talking DYNAFLOW**

FROM Atlantic to Pacific, it's simply terrific.

Not in a generation—maybe not in two—has any single improvement in automobiles caused the talk or met the instant approval that has greeted this new drive.

You see the reason in your first five minutes behind a Dynaflo wheel.

You sense that this is not merely an improvement on old ways, but a whole new system of transferring power from your engine to the rear wheels.

For the first time, oil does every-

thing—replaces the friction clutch, eliminates the usual forward gears, even actuates the mechanism by which you change from Driving range to emergency Low and Reverse.

You feel the result in new smoothness that's like riding a mighty tide of flowing oil.

You move from standstill to road speed in one smooth unbroken sweep of power, quick and effortless in getaway and instantly responsive at speed.

You stop by pressing the foot-brake—go again by feeding gas. Once you've set the selector

lever, you need not touch it again in normal driving until you're ready to park or back up.

Outside engineers look at Dynaflo and say, "Now you've got something!"

You'll say so too—once you

handle a Buick ROADMASTER with this new driving magic.

Try it, first chance you get—and we think you'll want to see your Buick dealer at once to get an order in—with or without a car to trade.

## Irgun Leader Pledges Fight On Jerusalem

JERUSALEM, Aug. 4.—(INS)—The militant and almost legendary leader of Irgun Zvai Leumi forces in Palestine pledged a fight today against all attempts to "wrest Jerusalem from Jewish control".

The call for resistance by Menachem Begin, commander of Irgunists since 1943, was made in an address from a hotel balcony overlooking Zion Square.

Thousands packed the square and neighboring rooftops to hear the man who was Britain's public enemy No. 1 in Palestine until termination of the British mandate.

The former underground chief-tain declared:

"Demilitarization of Jerusalem by the United Nations will really mean militarization by placing here an alien force, notwithstanding its international character."

He said a U. N. regime is not feasible in Jerusalem because the western powers have refused to include Russian representation.

The address marked the first time that Begin has appeared in public.

He is the man responsible for all operations carried out by Irgun during the past five years. The operations included the blasting of the King David hotel, former British army and government headquarters, in which some 100 persons were killed on July 23, 1946.

## Legion Of Honor To Have Picnic

Members And Families Will Have Annual Event On Next Thursday Evening

Plans have been completed for the annual family picnic of the Legion of Honor, of the Valley of New Castle Consistory, which will take place on Tuesday evening, August 10, at Oakhurst. In the event of bad weather, the event will take place in the Cathedral.

The committee in charge of arrangements has sent invitations to all the membership, with the request that they be returned at once so that they will know how many to prepare for. Commander Harry L. McFeaters and Chairman Clyde D. Redger stated.

## Motion Pictures To Record Cancer Fight

Medical Science Turns To Motion  
Picture Camera Which Will  
Record Cancer Growth

CHICAGO.—(INS)—Medical science has turned to the camera for help in its battle against cancer. Northwestern University Medical school scientists will begin recording this fall by slow-motion pictures the growth of cancer cells.

The camera will be attached to a microscope through which a picture will be taken every 30 seconds of the day and night for a year.

The relentless watching of the life secrets of the cells is an attempt to pierce the veil of mystery which surrounds them and which has hampered the medicine's fight against the disease.

Dean J. Roscoe Miller said he hoped the tireless camera may possibly reveal some of the little understood mechanisms associated with malignant tumor development.

Foremost Authority  
Commissioned to record the cancer cell growth is 50-year-old John Wash Ott Jr., of suburban Winnetka. He is considered the world's foremost authority on the adaptation of time lapse photography to technical subjects.

Dr. William B. Wartman, chairman of Northwestern's pathology department, will direct the project, which Dr. Miller said may continue for five years.

Ott also will study the movement of the body's white cells in an effort to learn whether environment, chemical responses or other stimuli influence their migrations.

Ott will use a vast array of precision equipment valued at more than \$100,000 which he has assembled in an air-conditioned underground laboratory at his home.

The cancer tissue to be photographed will be kept in a hermetically-sealed glass case. Food in the form of a saline solution mixed with plasma will be forced into the container under pressure from a miniature pump.

Ott said he may use more than one camera to take movies of different stages in the birth, development, movement and death of the cells.

One camera alone will take 1,001,200 separate pictures during the year's shooting. Some 65,075 feet of 35mm film will be used, but Ott explained this footage may be cut down to a ten-minute run when edited.

## Researchist Checks Lava-Atom Theory

HONOLULU.—(INS)—Dr. Harvey White, University of California scientist, is collecting specimens of lava rock on the slopes of Hawaiian extinct volcanoes. He also is collecting on the crater of its only active one, Mauna Loa, for studies to aid in evaluating a theory that volcanic eruptions are a form of atomic explosions.

Here is a brief explanation of the theory: Chain reaction explosions such as those which set off the atom bomb could be the force that sets volcanoes to erupting.

One scientist explained that when uranium splits, its rays or particles strike other atoms, starting the fission that leads to the blow up.

Cadmium Absorbs Rays  
However, some elements, such as cadmium, absorb the uranium

rays, harmlessly, halting the reaction.

Dr. White said the purpose of his present expedition, is to ascertain from lava whether there is an absence of such elements as cadmium in spots underneath volcanoes. If there is no cadmium found, then the atomic theory for volcanic eruptions will have been given support.

The lava specimens now being collected in Hawaii will be taken back to the laboratories of the University of California where Dr. White and his assistants will examine them under the spectro-scope.

On Face, Lips, Breasts, Etc., Removed Permanently. Also Acne, Moles, Birthmarks and Kindred Skin Blemishes Treated.

## LEADS SENATOR RACE

TOPEKA, Kan., Aug. 4.—(INS)—Former Gov. Andrew Schoepel appeared certain of victory today for the Republican nomination for U. S. senator from Kansas.

With more than half of the state's 2772 precincts reporting from yesterday's primary elections, Schoepel piled up a lead of nearly 55,000 votes over Harold Malone, Wichita attorney.

Sugar can be made from oak wood waste. By treating it with a little sulfuric acid under steam pressure, it can be made to yield 45 per cent sugar.

Zinc is needed in microscopic quantities by plants to promote normal growth. Zinc-deficient plants are found to be short of the natural growth-promoting substance known as auxin and tryptophan, from which auxin is formed in the plant.

**New Head Of City Mission Arrives**

Grand Rapids Man Will Carry On Work At City Rescue Mission On South Mercer Street

REV. CYRIL SMITH

Rev. Cyril A. Smith of Grand Rapids, Mich., has arrived in the city to assume the superintendency of the City Rescue Mission, 17 South Mercer street.

Rev. Smith, who was associated in the work of the Salvation Army for the past 19 years, has been connected for the past year and a half with the City Mission of Grand Rapids, Mich., which was founded by the late Mel Trotter. At Grand Rapids, Rev. Smith was assistant mission superintendent over the large work that is being conducted in that city.

During his work in Grand Rapids, the new local mission head, was in charge of the mission men's chorus, directed the work of a branch mission in that city as well as performed other duties in connection with the work there. Prior to entering mission work, he served with the Salvation Army in Toronto, Montreal, and Prince Albert, Saskatchewan, Canada. In this latter position, he was engaged in welfare work also. He was the Salvation Army police officer in Toronto.

Rev. Smith will be assisted by his wife, who will have charge of the Women's Auxiliary of the Mission which will be developed during the coming months. Sewing will be done for the needy.

Eventually, a service for each night in the week is planned for the mission with the various churches of the city sending representative groups to participate. For the present, services will be conducted on Tuesday and Thursday evenings at 7:45 o'clock and Sunday, Bible school at 3 p. m. and evangelistic service at 7:45 p. m.

The Smiths have two children, Donald, aged 12 and Adela, aged 10. They will move their personal effects to the city when housing is available.

**Brother Of Local Priest Is Dead**

Paul J. Pisarcik, Jr., of 2900 Glenmore avenue, Dormont, Pittsburgh, Pa., died suddenly at his home on Monday.

He was the brother of Rev. Fr. William Pisarcik, pastor of St. Michael's church, this city; and son of Mrs. Susan Pisarcik, and the late Paul J. Pisarcik Sr., of Pittsburgh.

In addition to Fr. Pisarcik, he leaves the following brothers and sisters: Joseph, of Belle Vernon, Pa.; Mary Rose, John, Sister Mary Florence of Vincentian Sisters of Charity, and Stephen Pisarcik.

Friends will be received at the residence in Dormont. Requiem solemn high mass will be offered in St. Matthew's church, S. S., Pittsburgh, Thursday morning at 8:30 o'clock.

**BUILDING NEW HOME**  
Seitzer & Young today received a permit to build a brick and stone dwelling and garage at 1304 Williamson avenue, which, according to an estimate will cost \$10,000. The firm also received a permit to build a fence at 1316 Moravia street.

**Gold Star Mother Seeking New Trial**

CHICAGO, Aug. 4.—(INS)—Attorneys for a 48-year-old Chicago gold star mother convicted of murdering her husband prepared a motion for a new trial today.

The woman, Mrs. Veronica Elliott, was found guilty by a jury last night of fatally shooting her husband, Cecil, 56, last May 18. She collapsed on hearing the verdict and sentence of 14 years imprisonment.

Mrs. Elliott was revived almost an hour after the verdict was read and received further treatment at Cook County hospital. Authorities there said her condition was critical and added that her pulse was weak.

**HAMMOND REUNION IS HELD AT ERIE**

The annual Hammond reunion, which attracted a number from New Castle and vicinity took place on August 1 at Waldemere Park in Erie. Ed. Hammond, president of the reunion association, was in charge.

The group voted to hold the reunion next year at New Castle on the first Sunday of August at Cascade Park. Mr. and Mrs. Merritt Hammond and family and Mr. and Mrs. Bud Hammond and family of New Castle were among those attending.

It's your fault if your home has a bad report. Keep it in good repair.

## Court House News

**LARGE DAMAGE SUIT**  
Jack M. Dunlap, juvenile and Parole Officer and his wife, Vivian, have entered damage suits totaling \$19,230.42 in the Prothonotary's office.

The suits are entered against M. Roms and Sons Co., James E. Caldwell and Claude J. Richard.

On December 11, 1947, Mr. and Mrs. Dunlap were driving up Wilmington avenue about 7 p. m. A truck was parked in front of 715 Wilmington avenue. Claude J. Richard, an agent of the Roms Company was driving down Wilmington avenue and apparently did not see the truck. He pulled out to the left and crashed into the Dunlap car near the residence of James E. Caldwell, manager of the Roms Co.

Mr. and Mrs. Dunlap were both seriously injured, requiring long hospitalization and their car was wrecked. They claim the truck had no parking lights on it, that it was parked there at the express order of Mr. Caldwell and that Richard was negligent in driving. Of the total, \$9,230.42 is asked for Mrs. Dunlap and \$10,000 for Mr. Dunlap.

## Protest March

On Washington Being Planned

'People's Lobby' Plans For Invasion Of Washington To Protest Senate Filibuster

NEW YORK, Aug. 4.—(INS)—The "People's Lobby" march on Washington to protest the senate filibuster by southern Democrats will get underway tomorrow.

Completion of the march plans, promised by Rep. Vito Marcantonio (A-L-P N. Y.), during the Progressive party convention, was announced yesterday by the Civil Rights Congress, through Len Goldsmith, chairman.

More than 4,000 persons are expected to join the demonstration, heading for the nation's capital by train, bus, and automobile from major cities from Chicago east. Goldsmith said motorcades already are on their way to Washington from Chicago and Detroit. Special buses are carrying the "marchers" from Cleveland and Pittsburgh.

The New York "delegation" will leave in a four-section special train today morning.

Sen. Glen Taylor, Progressive party vice-presidential candidate, is scheduled to address the "marchers" Thursday afternoon.

**Fail To Locate Husband Sought In Wife's Death**

BRADFORD, Pa., Aug. 4.—(INS)—A widespread search has failed to produce any trace of George Mikhish, 28, of nearby Gifford, sought by police for questioning in connection with the clubbing death of his wife and the wounding of her parents.

Mrs. Gertrude Mikhish, 23-year-old mother of four small children, died Monday as a result of clubbing with a shotgun stock. In a critical condition in the Bradford hospital are Mrs. Lina Dalley, 43, and her husband, Darwin Dalley, 48, of Gifford.

Police believe Mikhish escaped in an automobile which was reported stolen about two miles from the scene.

## Guard In Control At Dayton Plant

Fourteen Hundred Guardsmen Remain At Plant Where Strike Trouble Developed

DAYTON, O., Aug. 4.—(INS)—A two-mile area around Dayton's Univis Lens Company plant remained an armed camp today with National Guard troops in complete control after repelling CIO strikers with tanks, bayonets and tear gas bombs.

Col. George Schiele, commander of the 1,400 guardsmen at the scene, declared:

"The guard is in complete control of the situation and will remain in complete charge."

Col. Schiele, commander of the 147th Infantry regiment who in civilian life is city treasurer of Cincinnati, made that statement last night after his troops earlier in the day routed 400 milling union sympathizers to escort 450 non-strikers into the plant.

Sweden is 950 miles long and has an average width of 190 miles.

## Railroad Strike May Force Closing Of Bethlehem Plant

JOHNSTOWN, Pa., Aug. 4.—(INS)—A wildcat strike of operating employees of the Conemaugh & Black Lick Railroad today threatens shutdown of the big Johnstown plant of the Bethlehem Steel Company within 24 hours.

Trainmen on the railroad, which serves the 8-mile-long plant, walked off the job in support of wage demands.

The strike caused immediate cutbacks in the Bethlehem coke plant, blast furnace and open hearth departments production.

Other operations are also feeling the effects of the transportation tie-up.

The walkout came in the midst of collective bargaining and was termed "an unauthorized, wildcat strike" by both union and company officials.

Daniel W. Skelly, director of District 12 of the United Steelworkers, emphasized that the strike was not sanctioned. The USW-CIO, bargaining agent for the railroad workers, is asking a 30-cent-an-hour increase.

## Mayor To Ask Council Authority To Offer Reward

When council meets on Monday Mayor John F. Haven will request authority of colleagues to offer \$100 reward for information leading to the person or persons dumping grease and oil into sanitary sewers which flow into the disposal plant, which causes trouble at the plant.

There is an ordinance prohibiting this. He said today that several times recently employees at the plant have discovered oil and grease has flowed there. It is believed to be the "work" of someone in a garage.

## North Carolina Hopes Epidemic Of Polio Declining

RALEIGH, N. C., Aug. 4.—(INS)—North Carolinians were hopeful today that the state's worst polio epidemic may be declining.

Tuesday's report of 16 new cases was the smallest one-day total since July 6.

State health authorities said they will have definite indications by Friday or Saturday whether the epidemic reached its peak during the week ending July 23 and is now declining.

Total number of officially-reported victims stands at 1,129. There have been 62 deaths from polio this year.

## CONEMAUGH RIVER YIELDS BOY'S BODY

JOHNSTOWN, Pa., Aug. 4.—(INS)—The body of 8-year-old Elmer Theys, Jr., was recovered today from the Conemaugh river near Johnstown.

Discovery of his clothes on the river bank led to the search. Elmer apparently had gone swimming last night.

## Free Methodist Camp Continues

Camp Meeting services which opened last Thursday on the site of the old golf grounds at Vine and Scott streets in the Croton section of the city, continue to attract many at each service.

Tuesday evening, several hundred were in attendance at the service when Evangelist W. C. Small of North Dakota spoke on repentance. The service was preceded by other preaching services during the day. Alternating with Rev. Small in the evangelistic preaching is Rev. M. E. Andrews of Michigan.

Services will continue each day and evening this week when the meetings will come to a conclusion. Plans are being made for a dedication of the property and facilities during the service next Sunday afternoon. It has been announced by district superintendent Paul Spittstone.

## Seventh Ward Cafe Is Robbed

Rising cafe, Montgomery avenue, was entered and burglarized of approximately \$40 to \$50 sometime after 2:15 a. m. today. The burglars pried open a window on the rear, west side of the cafe. They broke open the cash register and also the music box, taking money from both, but failing to remove several thousand dollars in government checks, police report. Police Captain W. G. McMullen and Plainclothesman Thomas Boyle investigated the burglary.

## STALIN CONFERENCE REPORTS ARE BEING CLOSELY STUDIED

(Continued from Page One)

on what the envoys were to say to Stalin when they saw him.

See Four Power Parley  
Those who have followed the involvement of the Berlin crisis remain confident that a four power meeting at least to deal with the whole German problem will be held as an outcome of the Stalin conference.

This is predicted largely on the fact that Russia's chief bone of contention with the west—and the fundamental cause of the Berlin blockade—has been the three-power unification of western Germany. Some observers speculate that the whole cause of the Berlin problem has been a Russian desire to force a four power meeting.

Weight is given this theory by the recent decisions of the foreign minister of Russia and her satellites at Warsaw.

There they called for a peace treaty for Germany with a proviso that all occupation troops be removed within one year after the treaty comes into force.

The western powers are skeptical of this proposal since they suspect the Communist elements in eastern Germany have been so built up that the defeated country could readily be turned into another satellite once the western forces withdrew.

But, if a four power conference is held, it is regarded as inevitable that the German peace treaty should come up.

## Confers With Bevin

LONDON, Aug. 4.—Britain's military governor in Germany flew to London today and talked with Foreign Secretary Bevin about the Berlin steps and the Moscow big four negotiations.

Strict secrecy still hid the results of the Monday night Kremlin session of Premier Stalin and the three western ambassadors.

Paris foreign ministry informants believed a new meeting of Soviet Foreign Minister Molotov and the American, British, and French ambassadors is probable.

There is no specific word that the ambassadors again will see Stalin soon in the attempt to gain Soviet lifting of the Berlin siege.

They still are awaiting instructions from home after the first meeting.

## Broad Reports On Lions Convention

Highlights Of International  
Meeting In New York  
Given By Local  
President

BIG GROWTH IS  
SHOWN IN YEAR

EUGENE S. BRIGGS,  
Lions President

President Henry Broad of the New Castle Lions club gave an interesting report on the annual convention of the International Association of Lions Clubs which was held in New York last week. Eugene S. Briggs, of Erie, Pa., was elected president, succeeding Fred W. Smith, of Ventura, Calif., who presided over the sessions, Broad reported.

The report of Secretary General Melvin Jones, of Chicago, revealed one of the most successful years in Lions history with 810 new Lions clubs formed during the 12-month period and the addition of 21,000 new members. Clubs were established in four additional countries: Sweden, Switzerland, Chile and Newfoundland, Broad stated.

The new president has been president of Phillips University, in Andover, Mass., since 1939 and is a capable speaker and outstanding leader. First vice president is Walter C. Fisher, of Canada, who is well known locally, having spoken at the charter night of the Volant club; while second vice president, Herb Petry, of Texas, has also appeared before the local club. The third vice president is Harold P. Nutter, of New Jersey. Visitors at yesterday's meeting were: Howard Thomas, assistant treasurer of the Valley Manufacturing Co., and Don Wilson, former member of the club now residing in Clearwater, Fla.

## Jersey Mosquito Has Big Chance

Nudists Are In Convention At  
Mays Landing, N. J., About  
500 Strong

MAYS LANDING, N. J., Aug. 4. (INS)—The Jersey mosquito, famed for its dive-bombing ability, feasted on a veritable Garden of Eden at Mays Landing today.

For the nudists are in town—500 strong—with not a shred of armament to fend off the bugs.

Members of the American Sunbathing Association, the nudist enthusiasts convened for their 17th annual convention at nearby Sunshine Park.

But although their winged tormentors are enjoying a field day, you can forget about trying any surreptitious clotheups of the unclad clan.

### All Sessions In Nude

Although the delegates arrived with their clothes on, Dr. Haley Boone, superintendent of the 2,000-acre park, made it clear that any delegate caught with his or her clothing on will be sent home.

"All sessions are strictly in the nude," Dr. Boone, who is 60, declared. "Clothing of any kind is forbidden, without special permission."

Free time, the unfrocked superintendent said, is being passed in athletic events, some of which are mixed affairs.

A pioneer in the nudist movement, Dr. Boone opened the park in 1930 over protests of local residents, who complained that the beautiful is not always so beautiful as nature-lovers claim.

### MAN HANDICAPPED

## New Home Owners Want Automatic Heat Controllers

CHICAGO (INS)—Automatic, by-controlled central heating systems are preferred almost unanimously by householders today, according to a poll taken at the 1948 exposition of the National Association of Home Builders held recently in Chicago.

Of 484 prominent construction men interviewed, only four said that the majority of builders in their communities did not demand automatic controls.

The poll showed the builders about evenly divided on the question of whether the ordinary type of thermostat control provides complete comfort. Some thought clock thermostats were preferable because they save fuel with the night "shut-down."

Tom McDonald, vice president of Minneapolis-Honeywell Regulator, thought opinions from a cross-section of the 6,000 attending the exposition. He said that replies showed interest in the trend towards making operation of the home more automatic.

McDonald added: "Before long everything in a home will be automatic. We will even dispense with pushbuttons. Even now people feel that it takes too much effort to push a button."

Graham bread was named after Sylvester Graham, an American lecturer on food reform who recommended bread made of unbolited wheat flour.

## British Jet Planes May Fly 1300 MPH

LONDON, (INS)—Supersonic speeds of 1,300 to 1,300 miles an hour with a ram jet airplane engine are envisioned by British and Commonwealth scientists, according to Sir Ben Lockspeiser, chief scientist of the Ministry of Supply.

The ram jet is a tube without moving parts which dispenses with the compressor and the gas turbine of the conventional jet.

Sir Ben disclosed the information in announcing that steps were taken at the recent Commonwealth Aeronautical Research Conference in Australia to pool Commonwealth research to insure a 5-year lead in air development.

Tests of a new tadpole-shaped aircraft wing section were also announced by Sir Ben.

The wing, he said, is about three times as thick as the conventional aerofoil section and represents a complete departure from existing wing shapes.

Especially applicable to the "flying wing" type aircraft, it could, on a large scale, hold either passengers or fuel.

Already being tested in flight in Britain, it will soon be flown to Australia on a glider for further tests.

The tadpole wing is designed to hug the airflow to the wing and give greater speed per horsepower.

Another development is the porous wing, constructed of porous metal and designed to serve the same purpose, for thin-winged supersonic planes.

WPIX, newest of New York City's television stations, will use Air Express to speed shipments of its daily and weekly newscast issues to other video stations throughout the United States.

## Eighty-Year-Old Woman Boat Pilot Still Going Strong

Has Been Flying Boats On Mississippi And Ohio Rivers For Past Fifty-Five Years

DUBUQUE, Ia.—(INS)—Capt. Mary Greene may be 80 years old but she's still one of the most vigorous steamboat pilots on Western rivers.

With her son, Capt. Tom Greene, the lady skipper, who "still likes to dance," now operates the only two passenger packets on the Mississippi River.

She says she adopted steamboating as her second love after her marriage to Gordon Greene. "A long time ago."

She married her steamboat pilot, Capt. Gordon O. Greene, after her late husband. It was under his tutelage that Mary received her captain and pilot licenses when she was 25 years old.

Died in 1927  
Capt. Greene died in 1927, leaving her to carry on the family tradition.

She began her river career behind the wheel of her own boat, "The Argonaut," on the Ohio. At that time her husband operated a boat on the upper Mississippi from St. Louis to the Twin Cities.

Recalling the arrival of her boat at Dubuque marked the first steamboat travel on the upper Mississippi since the war years.

When Skipper Mary celebrated her 80th birthday at St. Paul, Minn., northern terminus for the Gordon C. Greene, she was pleasantly surprised.

Nelson Godmother  
She was named Godmother when a six-month-old passenger was christened.

The tyke is Daniel Robert Drake, great great grandson of the pioneer river navigator, Capt. Daniel Smith Harris. Parents of the baby are Mr. and Mrs. Robert Taylor Drake of Moline, Ill.

Being eighty doesn't mean that things will be over soon for Skipper Mary so far as her river life is concerned.

She's planning to pilot the half-million dollar luxury cruiser, the "Delta Queen" on her maiden trip from Cincinnati, O., to New Orleans, La.

## California Has Phenomenal Rise In Population

LOS ANGELES, (INS)—Bank executive Lawrence D. Pritchard said recently that the influx of population into California has now reached the proportions of the greatest mass movement of people in world history. Pritchard said that since 1940 California has experienced a population increase of 45 per cent. He added that the total income increase in the state has reached 179 per cent as compared to 130 per cent in the nation as a whole. He continued: "There is now under way literally a parade of eastern manufacturing concerns, practically falling over themselves toward California. It is not conceivable that any other area even approaches its phenomenal growth."

## British Jet Plane Seeks Speed Record

"Whistling Boomerang" May Set  
World's Air Speed Record  
From United States

LONDON.—(INS)—Britain's jet-engine "Whistling Boomerang" may be the plane which seizes the world's absolute air speed record from the United States.

John Cunningham, De Havilland chief test pilot, who recently took a plane higher than man had ever before flown, will undoubtedly be at the controls.

Officially, the Supply Ministry regards the "Whistling Boomerang" as the most likely contender at the moment to beat the record of 650 miles an hour held by an American Douglas Skyrocket.

The plane is a small swept-back wing jet machine made by De Havilland and known as the DH108. It is necessary, the trials will be moved from England, where Group Captain "Teddy" Donaldson set up the earlier 616 miles an hour record. The site might be changed to Khartoum, to take advantage of warmer air currents.

Cunningham recently achieved fame by climbing to 54,492 feet for the world's altitude record. For this feat he used a Vampire fighter fitted with a jet Ghost engine instead of the usual Goblin.

He had been practicing high climbs for more than a year to test behavior of the new engine.

## Local Family Will Leave For Utah

Mr. and Mrs. Avery Rigby and three children, Charles, Sylvia and infant daughter of 903 West Washington street, will leave next Monday for Draper, Utah, where they will make their future home.

The family will join Mrs. Rigby's brother-in-law and sister, Mr. and Mrs. Thomas Constance of that city, who are engaged in church work for the Christian and Missionary Alliance. Mr. Rigby, who is a baritone soloist, will assist in the work of the church aside from his secular duties.

# An Important Statement to Home Owners Who Do Not Now Have Combination Windows and Doors Here's Why Weather-Seal Leads in Mechanical Improvements

The precision device pictured here is the result of continuous research over several years. Because of it, Weather-Seal combination windows and screens are easily interchangeable in a matter of seconds.

These engineered fasteners are on the removable panels. Each turn pulls your windows tightly into place or, when changing from glass to screens, actually pushes the panel out toward you.

Thus, Weather-Seal combination window screen and glass panels are easily changed, even by a child.

A giant cannot force dirt, dust or draft through the air-tight seal of the Interlock.

Interlock construction, that wonderful seal between the removable panel and the permanent frame is another engineering first perfected by Weather-Seal. In our research laboratories, the largest and most efficient in the industry, a large staff is constantly at work making Weather-Seal combination doors and windows work easier, better, for you. The skill and efficiency of these men is a big reason why we guarantee Weather-Seal for life...in writing.

Harold G. Etting  
President

Weather-Seal weather comfort is guaranteed for life. Our written guarantee covering workmanship and material accompanies each job.

Genuine Interlock construction pioneered and perfected by Weather-Seal, guarantees an air-tight installation...keeps out dirt, dust and drafts.

Weather-Seal combination windows are custom-built to the dimensions of your particular home...are tailor-made to fit and stay fitted, for a lifetime.

able of dealing with a situation suited to his particular experience and knowledge.

### Weakness Demonstrated

Dewey contends that the weakness of our system has been demonstrated by the fact that when a vacancy occurs at the head of the State department, it has been necessary to name as secretary of state senator or army general or someone else with previous experience in the foreign field.

The Republican presidential nominee also is firmly set against the common practice of naming to important ambassadorships, wealthy men who make large campaign contributions.

He believes the nation will be much better off in its world relations if ambassadors are chosen from among career men.

The GOP nominee at the same time made it clear that he will not be drawn into controversy with Democratic governors on the teacher lobby.

mation without his approval, has not given a "yes or no" answer to Ferguson's demands.

Ferguson wants the employment records the Commerce department had when it put Remington in a key job last February, more than a year after the FBI began probing his alleged contribution of War Production Board information to a Communist spy ring.

### "Going To Get Records"

The Senator declined to predict what his committee will do if the president fails to authorize Commerce Secretary Charles Sawyer to send the records to Capitol Hill. Ferguson declared, however, that "we're going to get the records," and added:

"We could subpoena them."

Meanwhile, Ferguson called Rear Admiral Thomas Inglis, chief of naval intelligence, to appear this afternoon to explain why the navy "invited" Remington to resign his reserve officer's commission last year.

## Salvation Army Head Leaves On Northern Vacation On Friday

### Around Hollywood

By RUTH BRIGMAN

(International News Service Staff Correspondent)

HOLLYWOOD, Aug. 4.—(INS)—Hey, kids! You can slick down your hair and wash behind your ears—eat your spinach, too—because Roy Rogers may be coming to your town.

The singing cowboy—the one you write 20,000 letters a week to—is packing his guitar and Trigger and gettin' ready to take off on a rodeo tour.

Roy and Dale Evans and Trigger will visit Philadelphia, New York, Indianapolis, Detroit, Chicago and other places before returning to Hollywood to settle down to more picture-making.

**Has Responsibility**  
Roy's shoulders don't sag, but he does have the biggest responsibility of any one man in Hollywood—a responsibility to the fans and their parents who write him to ask for advice on everything from how to make a kid stop sucking his thumb to how to gain weight.

I went to the little house that is headquarters for the Roy Rogers fan mail club. It was Dale's home before they were married. Now it's used strictly for fan mail.

The walls of the rooms are decorated with original art works—paintings and drawings of several thousand children who proudly sent them to their idol.

Roy has a staff of six persons—headed by Miss Betty Mann—who read and sort the mail.

Some of them bring tears to his eyes—like ones from little Leukemia victims. Others bring

smiles, like the one from "Jimbo" Smith's mother in Louisville, Ky. Mrs. Smith said she was a graduate in psychology from Columbia university, but she was turning to Roy for advice to 5-year-old Jimbo, who "thinks you're wonderful" and will do anything you say.

I found Roy surrounded by

three youngsters and four dogs. The kids were Cheryl, 7, and Linda, 5, and almost two-year-old Roy Jr., or Dusty, as he is called. Close on their heels was Dale, tiny and youthful looking lady of nearly 30 Roy Rogers films. She's now his bride.

Trigger doesn't live with the Rogers these days, but stays out on the ranch where he's more comfortable.

Roy loves to talk about Trigger. He said: "That's the smartest horse in the world. He's 14 years old but acts as young as ever. That's old

for a horse, but not Trigger. I try to take care of him now that he's gettin' on, but he wants to do everything he ever did. I keep Pal (that's Trigger Jr.) standing by in case old Trigger gives out. But, shucks, that horse'll out last me."

Roy and Dale wear western clothes all the time. He is just an

average young man of about 35, to all appearances. He never took himself very seriously, but all of sudden he woke up to find that 30,000 kids a week did.

The United States used from six to 10 million ounces of silver a year during World War II to make military insignia.

## HERE AND THERE IN SPORTS' LAND

**EDDIE** came in every brand of sport. For instance, some fans yet recall the fight between the right-hand puncher, Eddie Weygant, and the southpaw, Danny Kramer, at Youngstown. Both entered the fight with fists laden with dynamite. Kramer was first to land upon a vulnerable spot and after being upon the floor Weygant was dragged to his corner at the bell. When the next round opened he let fly a right to Kramer's jaw at the same time as Kramer loosed a left to Weygant's jaw. Eddie went down. Kramer reeled drunkenly across the ring but he was held up by the ropes. Weygant's handlers (Here & There) tossed in the towel. For a few seconds it looked like a twin knockout. Fans also yet recall an amateur fight here in which both fighters led with their right hands, both missing. And there is a certain doctor in town, who, while fishing in Canada had the misfortune to drop his string of fish into the water. Unable to swim, he dove overboard, retrieved the fish and began fishing again. Another oddity, a feat it may be called, found Fred Carta, pitching a twin win over the Homestead Grays, at Cascade Park. Fans yet recall the outfielding of Tommy O'Brien, deputy sheriff for "Jewie" Coen, sheriff. He was playing the outfield against the Bloomer Girls at Cascade Park. One of the girls hit a long fly. The rays from a hot sun beat down and blinded Tommy. He got one glimpse of the ball then he was blinded. However, he stuck out his gloved hand into which the fly ball dropped. And again there is the Northern Pike which leaped into Romeo Pacelli's boat at Connecticut Lake several nights ago.

While fishing at Mud Lake, 25 miles above Delta, Ont., a local fisherman was reeling in a bass and was about to get it, when another bass hit the co-cho, freeing it from the plug. An oddity occurred to George Chip while he was boxing Billy Murray in California. The chill wind from the ocean froze George. He couldn't get "going" and the late promoter Jimmy Cofforth threatened Jimmy Dime, Chip's manager, several times to stop the fight. Finally, blood began circulating and Chip heated up, and in no time he had Murray down and out. He repeated the trick in a later bout. Tom McMahon was fighting big Tom Cowler of Australia, in Steubenville. Cowler hit Tom a terrific punch on the head in the opening round. From that punch on, McMahon imagined he was in Buffalo. He came out, finally, in the dressing room, but he boxed 10 rounds on instinct. When Willie Gradwell fought Battling Terry in the Opera House, Gradwell floored Terry five times in the first round. Patsy Brannigan, the referee, was liberal with the count, and Terry was dragged back to his corner. The oddity of the knockdowns was that, every time Terry was on the floor, he intentionally pounded his head upon the floor, later explaining he did so to "get the blood circulating, and clear his head." Talking about four home runs in one game, four or five players hold that record, but Link Lowe, former New Castle boy, has 'em beat. He batted out four home runs, plus a single, in one game, a feat not yet equalled. He was with Boston, at the time. . . . Although Tommy Leach, JAC matchmaker, endeavored to match Rizeri Ronzi with Bill Pozza here, Manager Johnny Lociano of Ellwood City, has signed Pozza against Rizeri in a preliminary to the Mickey Doyle vs. Tommy Bell fight in Youngstown, August 30. One night earlier here, the Bell, Youngstown, Tommy's brother, will box Sam Santafante at Fishery field.

### CHARLES WILL NOT MEET JERSEY JOE

#### MANAGER ASSERTS

PITTSBURGH, Aug. 4.—(INS)—Jake Mintz, manager of heavyweight contender Ezzard Charles, said in Pittsburgh Tuesday that Charles has not signed any contract to meet Jersey Joe Walcott in September.

It had been announced in New York that Charles and Walcott would meet September 22 in an all-heavyweight card at the Yankee Stadium. The program was planned by the 20th Century Sporting Club to combat the new promotion enterprise, the tournament of champions.

The T. O. C. has signed Tony Zale to defend his middleweight title against Marcel Cerdan and Freddie Mills to put his light heavyweight crown on the line against Gus Lenevich in a dual championship card at Ebbets Field in Brooklyn around September 23.

### DAVIES' SUCCESSOR

#### Is Being Hunted

PITTSBURGH, Aug. 4.—(INS)—Chick Davies' resignation as basketball coach at Duquesne University sent the athletic board today on a hunt for a replacement. University authorities refused to suggest a possible successor for the post, but it is known they prefer an older man, particularly an alumnus. Dudley Moore, assistant coach at the Sharon, Pa., high school, is considered one of the most likely candidates.

Davies ended his 21-year tenure as "Iron Duke" mentor by resigning because of "excessive demands on my emotional and physical energies" required by intercollegiate basketball.

Davies, who made the Dukes a national basketball power, will return to a less strenuous and exacting post as basketball coach at Homestead high school.

Davies coached at Homestead during a three year interim in which Duquesne suspended intercollegiate athletics.

PHILS SELL VERBAN

PHILADELPHIA, Aug. 4.—(INS)—The Philadelphia Phillies announced Tuesday that second baseman Emil Verban has been sold to the Chicago Cubs in a straight cash deal.

The Phillies said Verban was sold "in line with our policy of concentrating on younger players."

Bob Carpenter, Phils' president, praised Verban for "the wonderful job he has done for us in the last few years."

## New York Stocks

**STOCK TRADING AT SLOWER PACE**

Stocks continued in the doldrums in forenoon trading today with the price pattern curving fractionally higher.

Only 140,000 shares changed hands in the first hour, the tape sputtering to a halt frequently as dealings dried up.

Santa Fe and Union Pacific edged 1/4 higher in the quiet rail section. Motors and steel were firm to a shade higher. Phelps Dodge Copper rose a point in the metals section. Oils, aviation and utilities continued steady but featureless.

In the bond market Third Avenue Transit adjustment 3s dropped 5 points. Curb shares rested. Chicago wheat opened higher but corn eased. High prices on the Chicago market rose to a new all-time high of \$31.25. Cotton futures followed a narrow trend.

## To Build Elevated Pool At Butler

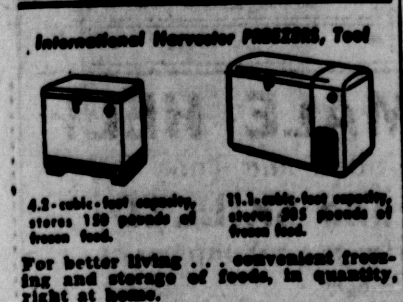

**BUTLER, Aug. 4.**—City council voted on Tuesday unanimously to build an elevated swimming pool with the contract awarded to Wesley Brint of Lansing, Mich., an engineer.

The pool will be an elevated oval with nearly 1,000 bathing to be accommodated in the 60 by 120 foot bathing area. A 10-foot wide concourse will accommodate spectators and sun bathers. The contractor claims the pool is 25 per cent cheaper than a sunken pool.

**FRANK HOCHENDORFER FUNERAL THURSDAY**

Funeral services for the late Frank L. Hochendorfer of Pittsburgh will be conducted on Thursday at 9:30 a. m. from the Colligan Brothers funeral home, Pittsburgh, with further services to take place at St. George's church at 10:30 a. m.

The deceased had survived by his widow, Mrs. Catherine Diener Hochendorfer and his father, James Hochendorfer, both of Pittsburgh.

## Urge Dropping Of Universal Training Plan

By GEORGE L. MOISE

WASHINGTON, Aug. 4.—A strong army faction is urging the dropping of universal training plans and concentrating on expanding troop strength and extending the draft.

It was disclosed today that this move is being taken by the faction which some months ago urged creation of a 57-division army as compared to the 18 divisions obtained. The group now argues that UMT is dead because selective service has been passed by Congress. It also points out that the draft act is effective for only two years.

These planners feel that a two-year draft will not be enough to give the United States the armed forces it needs for long term security. They also continue their advocacy of a 57-division army.

Plans have been drawn up for presentation to Army Secretary Hays that all for all three objectives—an extended draft, a 27-division army, and no universal military training.

Supporters of the plans hope that Hays and Defense Secretary Forrestal will adopt them without modification and ask congressional approval.

The upwork for the extended draft and the expanded army has been started before a single draftee has reached camp. The plans probably will be ready for presentation—approved by the top command—by the time Congress convenes in regular session.

An officer who helped draw up the plans explained that many army men feel that 18 divisions built around a two-year draft and the National Guard is not enough of a force in being to deter any potential enemy from aggressive action.

The officer explained that many top army men feel a strong land force, based on a long-term draft act, is the only force in being that would have any effect on a possible aggressor.

Ever Hope Air Force

The big army men favor a two-

mondous air force second to none, but they argue that the air force is not enough, that the infantryman and his supporting ground arms is still the most respected and important man in the armed services.

These officials say that divisions and plenty of them, are something that can be understood by anyone. A tremendous strategic air force can both the daylight out of the enemy installations but still leave his army intact. Tactical air can damage enemy ground forces severely, but the big army men maintain that it takes the infantryman, the tank, and the artilleryman to seize and hold ground in the face of other infantrymen, tanks and artillerymen.

TOWN IN ABSENCE

ALBUQUERQUE, N. M.,—Jesus Trujillo, county clerk of Santa Fe County, absentee tried to deliver ballot boxes to Cow Springs, N. M., for the primary election. No good. The town long since had disappeared. Local politics conspired themselves that Cow Springs had been worthy of 10 votes any way.

Aviation is changing the economic and political tempo of the world.

## Polish Falcons Members Attend Annual Convention

Clara Kosciuszko, Local Resident, Captures Trophy-Medals For Athletic Skill

Members of Polish Falcons, Nest 148, of New Castle, have returned home from the national convention which was held at Hamtramck, Mich.

Thirteen girls and five boys under the guidance of Edward "Flash" Wenda and Florence Litwinowicz left for the convention on July 21 and returned on July 28 after a pleasant trip.

Polish Falcons from all over the United States gathered in Hamtramck to celebrate the 19th track and field meet and the 24th convention.

The celebration was full of entertainment, track events, bar work and folk dancing. Medals and trophies were awarded to the winners of each group.

The Polish Falcon's of New Castle are proud to have one girl, Clara Kosciuszko, 16-year-old daughter of Mr. and Mrs. Stanley Kosciuszko, of 23 West Miller street, with individual trophy and three first-place medals for a 50-yard dash, a 100-yard dash and high jumping. She also received a second place medal for a running broad jump.

President Walter J. Maslyk and his committee announce that the trophy and medals are now on display at the Polish Falcon hall on Miller street and members who wish to see them may do so.

SOME TIPS ON BUYING MONOGRAMMED LINENS

Initials or monograms give linens a more personal touch but they can be overdone.

When homemakers buy monogrammed linens for themselves, or as gifts, it is suggested that the design, color and size of the monogram should be in keeping with the article on which it is to be used, and with the furnishings of the home where it will be used.

Linens of elaborate designs and extremely modern designs can be used in very few places and look well.

Monogrammed linens usually come in a large variety of colors. However, if the linens are for gifts, which is the safest choice since it will fit in with any color scheme.

Homemakers will find monograms on bathroom and bedroom linens are larger and more substantial than those for table linens. However, avoid getting too many monogrammed pieces of linen in one room for it gives the room a feeling of confusion and an over-dressed effect.

Homemakers who monogram linen themselves may use one of several methods. The most inexpensive and quickest method is with the sewing machine. Occasionally special attachments or equipment is needed. Other simple methods are: applying ready-made initials by means of heat and pressure and by using candlewick yarn which may be hooked through the material. The candlewick may be left in looks or cut.

HIGH WHEAT STUBBLE WILL SHADE CLOVERS

Harvesting small grains with combines creates problems in connection with the stubble and straw. High stubble, which is common, provides too much shade for the proper growth and development of the seeding of clover and alfalfa.

Poor stands of clover on some Lawrence county farms were caused by this condition. Clipping the stubble immediately after combining and removing stubble and straw assures the cleanest hay crop the next year. The stubble and straw provide good bedding material.

Some farmers remove the straw and clip the stubble, leaving it on the ground. The poorest stands of legume, and dirties hay, generally result from leaving both straw and stubble on the field, just as the combine left it.

Where the straw is not wanted it is still desirable to clip a high stubble in order to get it down on the ground where it will rot more rapidly and interfere less with the clover, although with heavy grain there may be some smothering.

If the straw is not to be removed, the swather board should be removed from the mower to reduce the piling up of the material on the clover.

Where oats or other grain is followed by wheat, heavy straw or stubble, if not removed, should be plowed down or disked in as early as possible since the unrotted straw will interfere with the best growth of the wheat. In such case clipping is not desirable. Straw left on the land has considerable value as a source of organic matter and plant food, mainly potash, but until it is rotted it may be decidedly detrimental to succeeding crops.

FINES ARE APPEALED

WHEELING, W. Va., Aug. 4.—(INS)—Appeals are pending today on fines of five proprietors and 17 employees of alleged horse race betting establishments.

The operators and two employees were fined \$100 each. Fifteen workers were fined \$50.

Cases against 12 persons charged as players were dismissed.

SOME TIPS ON INTRODUCING

"Sometimes it is necessary for me to introduce myself and I am never sure whether I should refer to myself as 'Miss'. Please set me straight on this as well as the following: (1) How should a man introduce himself? (2) How should a married woman announce herself

over the telephone to neighbors and acquaintances who call her 'Mrs.'? (3) Should a middle-aged or elderly man be introduced to a young girl of eighteen or should the girl be introduced to him? (4) What is the best form of acknowledging an introduction? (5) What should be said when parting.

Answer: If the meeting is social, say: 'I am Mary Jones.' If it is a very formal or business contact, say: 'I am Miss Jones.'

(1) A man should introduce himself as 'John Jones' unless he has

at title when he should say: Dr. or Mayor Jones.

(2) A woman should introduce herself over the telephone to neighbors and acquaintances as 'Mary Jones', even though the one to whom she is speaking calls her 'Mrs.' To a tradesman or a domestic she should refer to herself as Mrs. Jones. She should also designate herself so when calling her husband's place of business.

(3) Even an elderly man should be introduced to a young girl, unless he is a distinguished dignitary

of the church, the President of the United States or a monarch.

(4) The most accepted form of acknowledgement of an introduction is 'How do you do.'
